DETAILED ACTION

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 3, 8, 9, 12-24 and 31 rejected under 35 U.S.C. 102(b) as being anticipated by the June 29, 1999, PR Newswire article.

"Fair, Isaac Customer Management Solutions Now Available on HP Computing Platforms", dated June 29, 1999, shows evidence that the TRIAD system was available on the internet, including decision making software and "calling programs", and in public use more than one year prior to the date of application for patent in the United States.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. "Hewlett-Packard: Fair, Isaac & HP announce customer relationship management strategic alliance" M2 Presswire, June 9, 1998, show information of interest.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
